**Matthew Ferrarini**  
Ferrarini Kitchens

As an artist, residential designer, and home remodeling expert, Matthew Ferrarini serves as the Principal Designer for Ferrarini's Kitchens. Known for his seamless, sublimely crafted environments, in whose broad range of styles—minimalist here, maximalist there—share a rarefied attention to detail and flow. His passion for interior design and remodeling was cultivated by his parents (Interior Designer & Builder) & accentuated by his extensive international travel, which has allowed him to see and experience first-hand some of the world's most prestigious living environments.

Matthew was awarded the 30 under 30 by the National Kitchen & Bath Association.

**Tamara Myers, CR LEED AP**  
Myers Constructs, Inc.

Tamara is a design & construction expert with over 35 years' experience in design driven renovation and building. She is President & Founder of Myers Constructs, Inc., an award winning Philadelphia based Design-To-Build™ general contracting firm that provides customized solutions for residential, light commercial, and institutional clients, and Myers Made custom cabinet and millwork solutions for kitchens and more. Myers Constructs, Inc. works on buildings of every type and age. It is frequently engaged for its design and construction expertise in whole house remodeling and renovation, adaptive re-use, historic restoration, kitchen and bath renovation, and small space solutions.

**Eric Schimelpfenig, AKBD**  
SketchThis.Net

Eric started his career designing architectural millwork, furniture and cabinetry. After many years working for wood shops and cabinetry showrooms he founded SketchThis.net with the goal of making it easier for designers to use technology in their businesses.

He has worked with Google and Trimble on the development of Sketchup, and traveled the country teaching Sketchup and digital fabrication to countless students.

His company, SketchThis.NET, also developed and launched a kitchen design plugin for Sketchup.
